Product Features

- Helps to provide evidence in the event of an accident by recording both video & audio on every drive.
- Premium video quality thanks to the SONY™ STARVIS image sensor in the front camera features Ultra-HD "4K" resolution (3840x2160p) recording.
- The rear camera also features Full-HD resolution (1920x1080p) recordings.
- Includes a 64GB memory card, which can be removed and plugged into a PC for downloading and sharing videos.
- Wi-Fi enabled for compatible smartphones using the WiFi App, save important videos on the go.
- Built-in GPS for keeping time, date, location and speed information.
- Smart park mode, consuming significantly less power than industry standard by impact monitoring only.
- Low-voltage battery protection and Ai heat protection.
- Built-in speed camera alerts.
- Hidden wiring installation meaning no messy wires.
- Comes with a 3 year nationwide warranty**.

Parking Mode Enabled

Impact triggered recording helps capture unexpected moments even when you're not around*.

*Parking mode recording time varies based on battery percentage.
